Guest: Lisa Pearson

Minutes from February meeting: accepted

Monthly Treasurer's report for February: accepted

Library updates:

Lisa Pearson:

Cameras in front and back of library: Lisa applied for grant but if the cameras are not approved in the grant, we already have the money and can move forward. We should hear shortly.

Camera in bathroom hallway: The camera is already wired; Lisa will look into hardware.

EV Station: completely funded so she may not need any funds from us. Perhaps we can put money toward bench on the new green. Lisa will arrange to have our bench be in the closest location to the library. Board voted and approved. \$3,000.

New green landscaping: Terry said we need to keep anything the Friends financially support near the library ... i.e., landscaping around the kids' area.

HVAC: Not covered by insurance. Lisa will create a study (\$5,000-\$10,000) first to determine what needs to be done.

Landscaping: Terry will speak with Trustees and we will speak with Lisa, perhaps using landscape architect that is designing the green.
